While I strive to do my best to objectively evaluate every book included in Aromaweb, I cannot investigate or evaluate every statement included in each of the books. From that menu, two options are offered: Word document or Word document 97-2003. The description of the counterport and the table of contents do an excellent job by transmitting what is covered in this priceless 602-page publication. It is recommended that you conduct a thorough investigation through multiple sources before making a decision to purchase books or trust or implement any of the statements or recommendations contained within any book you purchase. A possible drawback of this method is that Microsoft Word can introduce minor inconsistencies in its new document; It works best in PDF files that contain mainly text.
